WHAT'S NEW
Welcome to our inaugural e-newsletter! It's with great pleasure that we can send our first e-newsletter to you. We hope that you find our e-newsletter enjoyable, have a chuckle at our lit-o-bit of humor, take a minute and reflect with our “Value Moment”, and most of all that you find this e-newsletter valuable! Our intent is to provide quality healthcare information to you through the articles, our blog, the “Value Moment”, which is the section for you to reflect about your own practice. Also, review our Events section to see what we're up to, our Vendor Spotlight that highlights a SBO (small business owner) that I've had the pleasure to develop a business relationship with, and lastly, the ‘Schedule a Call’ button above – we're one click away to see what opportunities we may be able to partner in with your practice. So, we're off – here it is... Volume 1, July 2017!!

LIT-O-BIT OF HUMOR

VALUE MOMENT
Are you receiving what you expect out of your revenue cycle process? To find out, ask yourself these questions: 1) What value am I receiving out of my revenue cycle process? 2) What can I do to ensure my revenue cycle process is working for my practice? 3) What does my data tell me that is positively or negatively effecting my revenue cycle process?

Most providers rely heavily on the data provided by their revenue cycle process. With the ever-changing healthcare industry, providers should be able to review their Practice data on-the-fly, real time. Can you?

VENDOR SPOTLIGHT
Our Vendor Spotlight for the month is Real Estate Agent Corinne Hankins of Coldwell Banker! I've known Corinne for several years and she is the best of the best! Corinne has a passion for the Real Estate market like I've never seen before! Her attention to her clients' specific requests impresses me each and every time! I see her social media posts on how she's met their requests, time and time again! Check out Corinne's post for yourself on her Facebook business page!
